

Continuing Education Credits

MASO is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

The Middle Atlantic Society of Orthodontists designates this activity for up to 9.0 continuing education credits if all webinars and posttests are successfully completed. Each of 11 of the 12 webinars qualify for CE credit. In order to obtain the credit you must register, view the entire webinar and take the posttest and evaluation. You will be able to download and print out your CE certificate immediately. It is the responsibility of individual attendees to submit any necessary continuing education credit documentation to their individual states for verification.
