

Golf Outing, Golf Tee Times and the Fun Run

- **The MASO Golf Outing: Challenging play, ocean breezes, tropical vistas**

Bordered by the Atlantic Ocean, the mountains of the El Yunque rainforest, and the Mameyes River, the Wyndham's two 18-hole golf courses provide an unmatched tropical game to players of all skill levels.

The 18-hole **Ocean Course**, designed by legendary course architects Tom and George Fazio, lies between the mountains of El Yunque rain forest and the shimmering Atlantic. This 6,716-yard course winds among lakes and the natural contours of the land offering gorgeous and challenging play. Enjoy the magical moment of playing in ocean breezes with the sound of waves on the signature beachfront 16th hole.
